

## Pharmaceutical Company HQ

Cerexa

Industry: Pharmaceutical and Biotechnology  
Location: Oakland, CA

### Challenge:

Maximize open office head-count, without sacrificing critical storage and worker comfort

### Solution:

Utilizing Allsteel Reach product line, CSG was able to reduce the initially planned footprint of the workstations, while maintaining the required user storage, and improving the overall ergonomics of the workstations.

"CSG brought our project in on time and within our budget. The product looks great and more importantly, over the past two years, CSG has responded quickly and professionally to meet our needs and provide excellent service."

Laura Byerly, Cerexa  
Director of Finance

Products Used:

Reach Workstations  
Menu, Casegoods  
Converge, Tables  
Relate Task Seating  
Get Set Training

After starting in 2005, Cerexa grew rapidly and by mid-2008 was preparing to move out of their sub-leased space.

After a competitive bid process, CSG was selected to provide furniture and furniture planning services.

Cerexa's selection committee made their award based on overall dealer capabilities, product solutions, and product sustainability features.

The CSG product solution included Allsteel Reach workstations, which allowed Cerexa to reduce the overall workstation footprint and increase the total workstation count, without compromising user comfort or sacrificing required storage.

Gunlocke Menu was selected for the Private Offices, providing a contemporary design aesthetic, with maximum flexibility. Gunlocke's converge product line was selected for the Board Room, providing easy voice/power/data integration.

Total Project Size: 38,000 square feet  
Completion Date: February 13, 2009

CSG Division, Sam Clar
